

JOURNAL

OFFICE OF LEGISLATIVE COUNSEL

Wednesday - 13 July 1964

- 25X1 1. [] Delivered to Sam Archibald, Staff Director of the Subcommittee on Foreign Operations and Government Information, a copy of the statement prepared by the Office of Security relating to polygraph examinations.
- 25X1 2. [] Discussed with Mr. Stanley L. Kemp in the office of Representative Walter Norblad (R., Oreg.) the Congressman's letter to the Director of Central Intelligence dated 13 July 1964. On the behalf of the Portland, Oregon, Americanism Committee of the American Legion, the Congressman had requested information relating to travel restrictions on American tourists inside the USSR. Several sources of information, including the State Department, Senate Internal Security Subcommittee, Senate Foreign Affairs Committee and others, were suggested to Mr. Kemp. Mr. Kemp agreed that this information was probably available from non-CIA sources and indicated that the Congressman's letter to the DCI need not be answered further.
- 25X1 3. [] Talked with William Darden reviewing with him certain aspects of the Agency retirement bill. I assured him we were developing some cost figures which he had requested previously. He advised Senator Russell plans to return to Washington some time this coming Sunday.

JOHN S. WARNER
Legislative Counsel
